Microsoft Certified IT Professional: Server Administrator

Microsoft Course website:

<http://www.microsoft.com/learning/mcp/mcftp/windowsserver/2008/server/default.aspx>

Earn an MCITP: Server Administrator certification to demonstrate your leadership and problem solving skills in working with Windows Server 2008. This certification can help you develop and validate your skills in your current position, or propel you toward a future role, such as:

- Windows Server Administrator
- Server Systems Administrator
- Monitoring Operator
- Network Administrator

Modules:

The course covers all three modules required for certification:

Technology Specialist: [Windows Server 2008 Active Directory Configuration](#)

Technology Specialist: [Windows Server 2008 Network Infrastructure Configuration](#)

Professional: [Windows Server 2008, Server Administrator](#)

Estimated Start Date & Duration:

January 26, 2009

120 hours of instruction over 20 weeks.

Meeting Times:

Mon & Wed 6:00PM - 9:00PM.

CTSL Infrastructure & Facility:

E-Learning (online) system to supplement classroom and laboratory instruction.

20 seat computer training laboratory.

Fully networked facility (Wired and Wireless LAN).

Easy 24/7 access to northbound and southbound public transportation.

Free parking.

CTSL Resources:

Access to course tutor outside of class time.

Resume building assistance.

Membership in the CTSL Alumni Community for valuable career networking.

Price:

\$9000.00

Payment Plans: (Students will be charged a 5% fee for using the payment plan option)

Option 1: Pay total by the first day of class or at registration.

Option 2: Pay \$1000 at registration and 5 additional \$1600 payments.

Option 3: Pay \$1000 at registration and 16 additional \$500 payments.

Last payment must be made before the course concludes.
